

A NOTE FROM ASPiRA LABS®

ASPiRA LABS® is partnering with Luminate Health to provide you with the ASPiRA LABS® Provider Portal, a unique, web-based solution for improved access to lab test results.

There is no software to install and you can access the portal on any device. Your ASPiRA LABS® sales representative or ASPiRA Customer Support can help you sign-up, and then all you will need is your email address and password, and a modern web browser. This service does not conflict with any current technologies you may be using in your office, and will enhance the way in which you access and understand your patients' results. The ASPiRA LABS® Provider Portal gives you the full longitudinal history of all the testing that ASPiRA LABS® has done for your patients over time in one easy to view interface, along with the ASPiRA LABS® report of record in PDF format.

As of March 4, 2019 you can access the portal directly at aspiralab.luminate-health.com/provider, or from the ASPiRA LABS® website at www.aspiralab.com.

If you have any questions about the service or would like to learn more, please contact your ASPiRA LABS® sales representative, ASPiRA Customer Support at 844.277.4721 or aspirasupport@vermillion.com to sign up or you can reach out to Luminate Health at hello@luminatehealth.com for more information.

We're looking forward to providing you with easy access to your patients' results!

Sincerely,
The ASPiRA LABS® team

Meet Luminate Health. Luminate Health offers a cutting-edge, web-based platform for your patients and providers to access and understand their lab results. You've never seen lab results done like this before. It's a simple, but powerful solution that can help you save time and improve patient satisfaction and outcomes.
